

June 2023

Dear Fifth Grade Parents/Guardians,

Welcome to the fifth grade community! We will be your child's teachers next year. In this letter you will find our introductions, supply lists, and Summer work.

English Language Arts, Room 302

Ms. Johnston and Ms. Daisey work together to teach reading and writing. Ms. Daisey, the ESOL teacher, supports students who are learning English as a second language. In 5th grade ELA, we will read grade-level novels, poetry, and plays. Your child will write narratives, a research paper, opinion papers, advertisements, and poetry.

Math, Room 303

Ms. Cohen teaches math. In 5th grade, students will work mainly with fractions and decimals. They will solve problems involving all operations (addition, subtraction, multiplication, and division). Students will need a strong understanding of their multiplication facts.

Science and Social Studies, Room 304

Mr. Jefferson teaches science and social studies.
